# Brennon Schow

801-368-3759 - brennonschow@gmail.com

## PROFICIENCIES

TypeScript ◯ Node.js ◯ BaSH ◯ SQL ◯ GraphQL ◯ Python

React.js ◯ Angular ◯ Express.js ◯ Apollo

## EXPERIENCE  ::  See full history on [www.linkedin.com/in/brennonschow](www.linkedin.com/in/brennonschow)

**FamilySearch -** *Web Developer II*

May 2019 - Present

- FamilySearch.org
  - Implement UI using Polymer/EJS/CSS and Node/Express.js
  - Lead team in React migration, including teaching/advising in React best practices.

**Crossroads Technologies** *- DevOps Analyst/Application Developer*

October 2018 - May 2019

- Savvy.jobs - Application Developer
  - Aide in the creative/technical workflow by advising about potential implementation/development lifecycles of proposed application features
  - Contribute to active development of the application stack (Angular6/Typescript, Django/Python). Implement full-stack features following agile/scrum methodology
- DevOps Analyst
  - Implement and maintain server infrastructure such as SMTP/IMAP server, self hosted development and production environments, and deploy processes

**Hall Labs** *- Web Developer*

January - October 2018

- Replenish Inventory
  - Using AWS Lambda/EC2 and Serverless framework, extracted and processed QR codes from video streams to develop automatic warehouse/inventory management system
- Aspen UI
  - Worked on a fully dynamic web front end in Typescript/React that can be defined at runtime entirely by a JSON object, including GraphQL mutations/queries, that is defined by machine-learning back-end
  - Developed other full-stack internal apps as needed using web technologies such as Node.js and PostgreSQL. Presented said apps to managers and clients

**DevMountain** *- Mentor*

June 2017 - January 2018

- Aided students in learning ES6, React.js, Node.js/Express and SQL
- Debugged full stack web applications built by students

## EDUCATION

**DevMountain** - *Web Development Bootcamp;* February 2017 - May 2017
